Notes

- Tenancy requirements (e.g. guarantors) and tenancy rules (e.g. garbage disposal) vary according to the residence. In some cases, tenants are not actively being sought. For details, please contact the administrator (prefecture, municipality, or public corporation) of the residence.
- Shared facilities within the residence should be managed properly through the cooperation of all tenants, so we ask you to maintain a pleasant environment through cleaning and weeding activities.
- Please contact the relevant administrator for details regarding tenancy.
- You can contact the relevant administrator between the hours of 8:30 and 17:15, excluding weekends, public holidays, and New Year's holidays. (Some hours may differ according to the municipality.)
- Inquiries must be in Japanese. Please specify that you are inquiring about "municipal housing in the city of XX" or "public housing in the city of XX".
- You can use an administrative interpretation service via a triphone system if your Japanese skills are not good enough.
Gifu Prefectural Consultation Center for Foreign Residents Tel: 058-263-8066 (9:30-16:30, excluding weekends, public holidays, and New Year's holidays)
